The Ross case is a civil action originally filed in the United States District Court for the District of Rhode Island. The case was subsequently transferred into MDL 1958 which is the subject of a class settlement whose effective date has passed. The Ross plaintiffs timely filed with the Claims Administrator an opt-out from the class settlement.

The Plaintiffs Steering Committee for MDL 1958, Zurn Industries, LLC, and Zurn Pex, Inc. have all advised the Court they do not oppose a suggestion of remand.

Pursuant to Rule 10.1(b) of the Rules of Procedure of the United States Judicial Panel on Multidistrict Litigation, this Court respectfully suggests that the Judicial Panel on Multidistrict Litigation remand the Ross matter, 12-CV-847, to the transferor court, the United States District Court for the District of Rhode Island.
