01/16/2004	263	MINUTES:( Judge John R. Tunheim / Kristine Mousseau) The Court held a status conference on 1/16/04. The parties discussed discovery matters, including the status of privilege log documents and plaintiffs requested discovery of certain depositions. The Court heard updates on the status of the Canadian litigation, as well as the Ramsey County litigation. Plaintiffs suggested the formation of an "end game" committee, and defendants agreed to discuss the possible formation of such a committee. The parties addressed the plaintiffs request for discovery of depositions taken in related state court cases. The Court ruled that the deposition at issue shall be produced to the plaintiffs in all cases in which there is no protective order or seal on the deposition or the case as a whole. The Court also addressed plaintiffs three-part motion to reconsider the Courts ruling regarding sub-class certification of the plaintiffs medical monitoring claims. The Court granted the motion as it related to plaintiffs request for the Court to reconsider its decision regarding a class of plaintiffs suffering "subcellular" injuries. The Court issued a briefing schedule, with plaintiffs brief due two weeks from the date of the hearing, defendants response due two weeks from receipt of the plaintiffs materials and plaintiffs reply due three days after receipt of the defendants response. The Court denied plaintiffs motion as it related to reinstating the class certification for the personal injury class. The Court also noted, in relation to the subclass certification, that the defendant will have an opportunity in the future to suggest that the Court add or subtract certain states from the conditionally certified subclasses. The Court ordered the parties to meet and confer to

		attempt to agree on a settlement master. The meet and confer process must be completed before the next status conference. The Court ordered the parties to meet and confer to discuss the possibility of proceeding with trial of the certified consumer fraud class. The Court ordered the parties to meet and confer regarding the establishment of an "end game" committee. The next status conference is set for 2/12/04 at 10:00 a.m. in Minneapolis. 2 pg(s) (HLL) (Entered: 01/27/2004)
